Kratek opis

Izvedba Lorch Ob nakupu tega aparata imate možnost nakupa kartice UPGRADE Full proces 575.914.0 v vrednosti 1850€ za 800€ Ta kartica vsebuje vse programe: Lorch NFC Upgrade Full Process Card – Pulse & Productivity in One Step Transform your Lorch MicorMIG welder into a fully featured, high-performance system with the Lorch NFC Upgrade Full Process Card. Designed for machines with standard steel synergic programmes, this upgrade unlocks advanced welding capabilities, improved efficiency, and superior weld quality. Combining both Master of Productivity and Master of Pulse, this all-in-one NFC upgrade delivers maximum performance at a significantly lower cost than purchasing both upgrades separately. All-in-One Upgrade – Combines Productivity and Pulse functions Pulse Welding Enabled – Achieve cleaner, spatter-free welds Multi-Material Capability – Weld steel, stainless steel, and aluminium Faster Welding Speeds – Increase productivity by up to 30% Simple NFC Installation – Quick and easy machine upgrade Cost Effective – Save compared to separate upgrade purchases Master of Productivity Features Boost your MIG-MAG welding performance with: Multi-Material Programmes Supports CrNi307, CrNi308, CrNi316, AlMg, and AlSi wires SpeedArc Technology Up to 30% faster welding speeds SpeedUp Function Improved seam control with precise fusion and penetration Additional Processes MIG Brazing Electrode Plus TIG with ContacTIG NFC (available on ControlPro models only) Master of Pulse Features Unlock advanced pulse welding technology: Pulse Steel – Spatter-free welding on steel Pulse Multi-Material – Clean welding on stainless steel & aluminium MicorTwin Technology – TIG-like weld appearance at MIG speed Ideal for fabrication, manufacturing, and engineering professionals looking to increase efficiency and weld quality.
